

Appointment Cancellation Policy

As a result of not having any available appointments in our schedule and in order to best serve our patients, the following policy is necessary:

There will be a \$75 charge if you fail to cancel your scheduled appointment in advance. Your credit card will be billed \$75 on the day of your visit if you fail to cancel your appointment prior to the scheduled time.

Payment in full is necessary prior to any treatments being rendered. The payment is non-refundable and non-transferable. In the event that you are unable to complete a pre-paid regimen you could finish the treatment at a later date, up to one year from your last appointment.

Nutritional Product Payment Agreement

Payment is necessary for all nutritional products in full at the time it is given to you. The payment is non-refundable and non-transferable. Food is not exchangeable due to Department of Health Regulations.
